**User Qualifications**

**Level 1** -- All staff (with training & oversight by QMHP)

**Level 2** -- Masters level QMHP

**Level 3** -- Psychologist

**Level 4** -- Psychologist or Psychiatrist

**Security Level**

**High** -- Instruments, protocols, manuals must be in a locked storage cabinet that is secured and controlled by a licensed psychologist. Psychological Test data (e.g., answer forms, raw data, raw scores, scale profiles and computer-generated narrative reports) must be stored in a separate file that is secured and controlled by a licensed psychologist. Staff who are not qualified to interpret psychological test data will be restricted from accessing this data. No copies of psychological testing materials will be stored in the youth's health record or case record.

**Medium** -- Instruments, protocols, manuals must be stored in an area that is secured and controlled by behavioral health staff. Test data may be filed in the youth's health record (section 6)

**Low** -- Instruments, protocols, manuals may be stored in an area that is secured and controlled by non-behavioral health staff. Test data may be filed in the youth's health record (section 6)
