I. POLICY:

The Department of Juvenile Justice shall maintain an individual case record for each youth. The Department shall manage case records to safeguard the confidential and privileged nature of the information. All case management services shall be documented in the case record in a timely, accurate, and consistent manner. Case records shall be secured in a designated, locked location.

II. DEFINITIONS:

Case Record: An organized compilation of written or electronic (e.g., Juvenile Tracking System, emails, etc.) documents, reports, evaluations, notes, contacts, summaries, and other information pertaining to the provision/coordination of or referral for necessary services. Case records are those that are created and maintained by the Department of Juvenile Justice.

Confidential/Privileged Information: Information that is subject to specific limitations on disclosure. Such information must be specifically labeled, handled, and stored in such a way as to guard against accidental or unauthorized disclosure. All case records are confidential/privileged regardless of the youth’s charges or sentencing court.

Disclosure: Sharing of information about a youth with persons or organizations outside of the Department.

Records Coordinator: The individual staff member designated, in writing, by the Director of a facility/program/office of the Department, to assist with the records management process in his/her work unit.

Records Custodian: The individual designated by DJJ to be the official custodian who can certify and authenticate that the record is produced and kept in the ordinary course of operation (e.g., the
Director of a facility/program.office of the Department of Juvenile Justice).

**SOAP Format:** The complete and organized format used to document in progress notes an encounter with a youth. The subjective (S) portion of the note includes any verbal complaints and/or statements. The objective (O) portion of the note includes any observations and results of an examination that follow or respond to the subjective complaint or statement. The assessment (A) portion of the note includes any diagnoses and conclusions along with the professional’s opinion whether the objective findings support the subjective complaint or statement. The plan (P) portion of the note indicates the treatment and education provided, if any, and the logical conclusion to the encounter with the youth.

### III. GENERAL PROCEDURES:

A. Each facility/program/office Director will designate a Records Coordinator. The Records Coordinator will coordinate all activities surrounding case records including, but not limited to: storage, safekeeping, access, use, and disclosure. (See DJJ 5.1, Records Management.)

B. Every youth will have an individual case record that includes information pertaining to the provision/coordination of or referral for necessary services. No duplicate records (i.e., “dummy files”) will be allowed.

C. Health information will be maintained separately from case records by the Designated Health Authority in accordance with DJJ 5.5, Health Records. Counseling staff will have access to the health record.

D. In secure facilities, education information will be maintained separately from case records by the education department (see DJJ 5.4, Education Records). In community services offices, education information will be maintained in the case record.

E. Case records will be organized according to the established DJJ Case Records Format (Attachments A and B). The record will be clearly marked on the outside with the youth’s last name, first name, DJJ identification number, and “CONFIDENTIAL.”

F. DJJ staff will use only official Department forms.

G. Information entered into the Juvenile Tracking System (JTS) will be considered part of the youth’s case record. This information will not be printed and stored in the paper case record, unless specifically required by policy (e.g., a signature is required by youth and/or parent/guardian). If a JTS document is printed for signature, the signed document must be scanned into JTS. Once scanned and verified that the document is in JTS, the printed JTS document will be destroyed after 30 days, in accordance with DJJ 5.1, Records Management.

H. All documents will be filed within 5 business days of service rendered.

I. Facility/program/office Directors will establish local procedures to safeguard the confidentiality of case records. At a minimum, case records will be secured in a locked
storage area in a designated location not accessible to youth, but easily accessible to staff responsible for case management.

J. A youth’s case record may be archived, at the discretion of the Records Custodian or designee, when the amount of documentation in the record becomes prohibitive to locating information in the record. Archived volumes of the record must remain organized according to the DJJ Case Records Format and be accessible to all case management staff.

IV. TRANSFERS, RELEASES AND TERMINATIONS:

A. When a youth moves to another county in the state, his/her case record will be transferred in accordance with DJJ 20.40, Supervision of Probated Youth, and DJJ 20.22, Placement of Youth.

B. The Juvenile Program Manager of the sending county will complete the Case Management Transfer Form (Attachment C) upon knowledge that the youth is relocating.

1. Probated youth who have had their case formally transferred by a dependent juvenile court to an independent juvenile court will not have his/her case record or health record transferred to the independent court.

2. When a youth transfers from one DJJ facility to another, the original case record will be transferred at the same time. Duplicates will not be made.

3. The entire case record (including the folder) will be placed in a sealed envelope(s) labeled “CONFIDENTIAL.”

4. The record will be forwarded intact (i.e., the contents will not be removed from the folder or placed in a different folder.)

C. When youth are released or if their commitment is terminated, the facility/program/office will retain the case record as inactive. The record may be maintained in its original folder or sealed in an envelope as long as it remains organized according to the respective Case Records Format (Attachment A or B).

D. Inactive records will be retained and destroyed in accordance with DJJ 5.1, Records Management.

E. Case records of youth who have had previous involvement with the DJJ will be reactivated in JTS upon admission. For community services, the admitting office will contact the last previous office for the youth’s case record. For facilities, the admitting facility will contact the last previous facility for the youth’s case record. The case record will be sent by certified mail, using delivery confirmation or hand delivered.

V. CASE NOTES AND PROGRESS NOTES:
A. Community case management activities will be documented in the JTS case notes.

1. Case notes will reflect the actual service being provided and should be linked to the Service Plan objectives.

2. Case notes will present objective information that does not reflect the personal bias of the writer. The case notes will be factual in nature and reflect the actual service rendered.

3. Case notes for all face-to-face contacts with the youth will be documented in SOAP (Subjective, Objective, Assessment, and Plan) format. Documentation will be entered within 24 hours of the delivery of the activity or service.

4. Case notes will be entered into JTS within 72 hours of the contact or service being rendered.

5. Confidential health information (e.g., lab results, mental health diagnoses, medical diagnoses, psychological evaluation results, etc.) will not be entered into the case notes.

B. Facility case management activities will be documented in the JTS Facility Program Module.

1. Progress notes will reflect the actual service being provided and should be linked to the Service Plan objectives.

2. Progress notes will present objective information that does not reflect the personal bias of the writer. The case notes will be factual in nature and reflect the actual service rendered.

3. Progress notes for group and individual counseling sessions will be documented in SOAP (Subjective, Objective, Assessment, and Plan) format. Communication notes may be written to document administrative type meetings (e.g., Service Plan meetings, phone calls, Progress/Release Reviews, dorm meetings, behavior management/modification meetings, etc.).

4. Progress notes will be entered into JTS within 24 hours of the contact or service being rendered.

5. Confidential health information (e.g., lab results, mental health diagnoses, medical diagnoses, psychological evaluation results, etc.) will not be entered into the progress notes.

VI. DISCLOSURE OF CASE RECORDS:

A. Disclosure of Youth’s Case Records:
1. The case records of youth are privileged and are not public records.

2. Case records will only be disclosed pursuant to a signed Authorization for Release of Information (Attachment D) or a valid subpoena or court order.

3. The case records of youth will only be disclosed to the youth (if 18 years of age or older) or parent/guardian with a signed Authorization for Release of Information (Attachment D).

4. The signed Authorization for Release of Information will be immediately faxed or emailed to the Office of Legal Services to determine what records will be disclosed. (The only exception is requests for information from DJJ staff for treatment and/or placement purposes.)

5. When a subpoena or court order is received for youth’s records, the subpoena or court order will immediately be forwarded to the Office of Legal Services. The Office of Legal Services will determine what records will be disclosed according to law.

6. For the purpose of approved research, evaluation and statistical analysis, case records of youth will only be disclosed with a signed Authorization for Release of Information to specify use and confidentiality of data. (See DJJ 1.9, Research.)

7. Other requests for disclosures not listed above will be referred to the Office of Legal Services. The Office of Legal Services will determine what records can be disclosed pursuant to law.

B. Disclosure of information without consent:

1. Case records may be disclosed to the Georgia Department of Human Services pursuant to the Memorandum of Understanding. (See Attachment E.)

2. Confidential information about a youth may be disclosed without written consent to correctional agencies outside of Georgia when a proper request has come through the Interstate Compact on Juveniles.

3. When a subpoena or court order is received for youth’s records, the subpoena or court order will immediately be forwarded to the Office of Legal Services. The Office of Legal Services will determine what records will be disclosed according to law.

4. Case Records may be disclosed for statistical analysis in accordance to DJJ 1.9, Research. Other requests for disclosures not listed above will be referred to the Office of Legal Services. The Office of Legal Services will determine what records can be disclosed pursuant to law.

C. Confidential information about a youth may be shared within the Department without written consent to employees of the Department who request the information demonstrating their need
for the information in the performance of their regular duties.

D. Health records will be released only in accordance with DJJ 5.5, Health Records.

E. When a youth convicted of a felony offense in a Superior Court is released from confinement or custody of the Department, the Department will provide written notice, including the delinquent or designated felony act committed, to the superintendent of the school system in which the youth was enrolled or, if the information is known, the school in which the youth was enrolled or plans to be enrolled. The Community Case Manager/facility Director will provide the written notice on the Notice of Release from Confinement/Custody Memo (Attachment F).

F. Case records will be retained and destroyed in accordance with the established retention schedules (see DJJ 5.1, Attachment A). Requests to seal a case record will be referred to the juvenile court. Judicial orders for the sealing of a case record will be forwarded to the Office of Legal Services. DJJ case records will be sealed in accordance with DJJ 1.11, Sealing of Records.

VII. QUALITY ASSURANCE:

A. Community case records will be audited periodically for adherence to DJJ policy and professional standards in accordance with DJJ 20.1, Community Quality Assurance Monitoring.

B. For secure facilities, the Juvenile Detention Counselor’s supervisor will monitor a minimum of 10% of the case manager’s caseload at least quarterly for adherence to DJJ policy and professional standards. (100% of designated felon cases being supervised in the facility will be monitored every 6 months.)

1. The Case Record Monitoring Tool (Attachment G) will be used to monitor the record.

2. Monitoring results will be submitted to the facility Director for corrective action within 30 days.

3. Corrective action plans will be written as needed within 15 days of receipt of the monitoring report. The Director will approve the corrective action plan, will monitor for completion, and will forward the corrective action plan to the Director of the Office of Programs and Transitional Services.

VIII. LOCAL OPERATING PROCEDURES REQUIRED: NO
