D. Facilities will develop, implement, and document an approved staffing report that provides for adequate levels of staffing and, where applicable, video monitoring, to protect youth against sexual abuse in accordance with DJJ 7.6, Video Monitoring Systems. Each time the staffing plan is not complied with, the facility will document and justify all deviations from the staffing plan. The facility is required to review, make adjustments, and complete the Facility Annual Staffing Report (Attachment A) and submit its report by the 10th of December with the required signatures to Agency PREA Coordinator.

E. Each facility will maintain staff ratios of a minimum of 1:8 during resident wake hours and 1:16 during sleep hours. Only agency approved POST certified staff members or staff members with additional PREA training can be counted in the supervision ratio. The facility will document this information daily in the Secure Facility Staffing Report System (SFS) located on DJJ website. Only the reason(s) for ratio non-compliance should be entered in the comment section.

F. The facility will require the Administrative Duty Officer or Facility Director to conduct unannounced rounds to identify and deter staff sexual abuse and sexual harassment. 2. Blinds may remain in the medical examination rooms. The blinds must remain up or open except when a health care provider is examining a youth in the room.

3. With the exception of medical examination rooms, areas that have solid doors will be open at all times when youth and staff are both in the room.

P. DJJ staff responsible for searches will be trained in conducting cross-gender pat down searches and searches of transgender and intersex residents in a professional, respectful manner, and in the least intrusive manner possible, consistent with security needs. The gender of the staff member searching a transgender or intersex resident will depend on the specific needs of the individual resident and on the operational concerns of the facility. Under most circumstances, this will be a case-by-case determination, which may change over the course of confinement and should take into consideration the gender expression of the resident. The facility will also use information from DJJ 23.3, LGBTI Attachment A: Transgender/Intersex Declaration of Preference Statement when deciding a case-by-case determination.

Q. 3. Documentation in JTS;
4. Timeframe in which service is to be delivered; and
5. Follow-ups.
T. The facility will prohibit the use of youth interpreters, youth readers, or other types of youth assistance except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the youth’s safety, the performance of first-responder’s duties under 115.364, or the investigation of the youth’s allegations. All exigent circumstances must be documented.

U. Youth requiring interpretation services will receive services in accordance with DJJ 15.10, Language Assistance Services. The facility Director will ensure that the contact information for interpretive service provider will be posted in the intake area and the control room.

CC. All staff members who engage in sexual abuse and/or misconduct with a youth will be terminated and will be denied access to all DJJ facilities/programs/offices. The Office of Investigations in consultation with the Office of Legal Services and facility Director will report all terminations and staff resignations for violations of agency sexual abuse policies to appropriate law enforcement agencies and any relevant licensing bodies. The agency will not consider open bay living units to house youth. The Agency PREA Coordinator will serve on the primary committee for PREA planning purposes.

When SANEs or SAFEs are not available at the local hospital, a qualified non DJJ medical practitioner will perform the forensic medical examinations. The examination will be documented by the facility. Forensic medical examinations and treatment services are offered without financial cost to the youth in accordance with DJJ 2.10, Youth Medical Expenses.

G. The facility, through the DJJ Office of Contracts, will enter into a memorandum of understanding (MOU) with local rape crisis centers or community service providers that are able to provide youth with access to outside victim advocates for emotional support services related to sexual abuse.

VII. SCREENING FOR RISK OF SEXUAL VICTIMIZATION AND ABUSIVENESS

(115.341) Obtaining Information from Residents

A. The intake worker/officer must ask each youth, in a private area, the following question prior to being searched and showered: “Have you been sexually exploited, assaulted, raped, and/or molested within the past 72 hours (3 days). If the youth answers YES, staff will immediately follow the protocol in DJJ 23.1, Prison Rape Elimination Act (PREA), Section VIII. G, Preserve and Protect any Evidence. If the youth answers NO, then normal intake procedures will be continued.

B. As soon as possible, but always within 72 hours of a youth’s arrival to a facility, the PREA Compliance Manager will obtain and use information about each youth’s personal history and behavior to reduce the risk of sexual abuse by or upon a resident. The Facility’s Director,
Lieutenant Level or higher designee, and PREA Compliance Manager will review the PREA screening report to make the final determination of youth’s vulnerability for victimization.

C. When a youth is admitted to secure facility, the youth will be screened for vulnerability for victimization and sexually aggressive behavior prior to room assignment. Room assignments by staff will be reviewed by the PREA Compliance Manager to determine a youth’s potential for victimization or predatory behavior.

D. Youth vulnerability assessments will be conducted and documented by generating the PREA Screening Report (PSR). At a minimum, the report will attempt to ascertain information about the following:

1. Prior sexual victimization or abusiveness;
2. Any gender nonconforming appearance or manner or identification as lesbian, gay, bisexual, transgender, or intersex (LGBTI), and whether the resident may therefore be vulnerable to sexual abuse;
3. Current charges and offense history;
4. Age;
5. Level of emotional and cognitive development;
6. Physical size and stature;
7. Mental illness or mental disabilities;
8. Intellectual or developmental disabilities;
9. Physical disabilities;
10. The youth’s perception of vulnerability; and
11. Any other specific information about the individual youth that may indicate a heightened need for supervision, additional safety precautions, or separation from certain other youths.

E. The resident’s information will be ascertained through conversations with the youth during the intake process, Mental Health Screening, Medical Screening, Nurse Health Appraisal, Medical Physical Examination, education documentation, and other relevant documents from the youth’s files or Juvenile Tracking System (JTS). Information from the screening and other resources will be populated into the youth PREA Screening Report (PSR).

F. The facility will control the dissemination of the youth’s information by complying with all applicable disclosure requirements and Facility PREA Compliance Manager. The dissemination
of information ensures that sensitive information is not exploited to the resident’s detriment by staff or other resident.

G. The Facility PREA Compliance Manager will disseminate results of the PREA Screening Report (PSR) to the facility management team on a need to know basis. The PREA Compliance Manager will implement a system that ensures that staff members working directly with the youth are advised of the status of at risk youth or youth posing a risk to others. The facility treatment team members and program and supervising staff should continually review the youth’s adjustment within the facility.

H. All information obtained shall be used to make housing, bed, program, and work assignments for youth with the goal of keeping all youth safe from sexual abuse (115.342).

I. Youth may be isolated from others only as a last resort, when less restrictive measures are inadequate to keep them and other youth safe, and then only until an alternative means of keeping all youth safe can be arranged. If a youth is isolated to keep himself/herself safe, the facility shall clearly document the following:

1. The basis for the facility’s concern;
2. The reason(s) why no alternative means of separation can be arranged; and
3. A weekly determination of whether there is a need for continuing separation from the general population (115.342).

J. When assigning a transgender or intersex youth to a male or female facility, staff will consider on a case-by-case basis whether a placement would ensure the youth’s health and safety and whether the placement would present management or security problems. Such placements and programming assignments will be reassessed monthly, or sooner if necessary, to review any threats to safety experienced by the youth. Serious consideration will be given to the youth’s views with respect to his or her safety. (See also DJJ 23.3, LGBTI.)

K. If the youth discloses prior sexual victimization or sexual abuse during intake, medical/mental health screening, or health history, whether it occurred in a facility setting or in the community, staff will ensure the youth is referred for medical and/or mental health services within 72 hours of the screening. Staff must address the youth’s prior sexual victimization and document the youth’s response in the JTS notes.

L. During the youth intake process or orientation, the staff will explain and/or read to the youth the Consent to Disclose Protected & Confidential PREA Related Information (Attachment F). The signed statement will be scanned and placed in JTS documents listed as “Consent to Disclose Protected & Confidential PREA Related Information.”

(115.342) Placement of Residents in Housing, Bed, Program, Education, and Work Assignments
M. Each youth in a secure facility will be housed based on his/her custody and housing assessment. Custody and housing assignments will not be based solely on the youth’s sexual orientation or gender identity. Housing, bed, program, education, and work assignments are based on information obtained from assessments and screenings. The facility makes individualized determinations about how to ensure the safety of each youth. Youth in a Community Residential Program will be housed based on an authorized housing assignment plan criteria approved by Georgia Department of Juvenile Justice Statewide Residential Program Coordinator. (See DJJ 23.3, LGBTI.)

N. LGBTI youth will not be placed in particular housing, bed, or other assignments solely on the basis of such identification or status, nor will the facility consider LGBTI identification or status as an indicator of the likelihood of being sexually abusive.

O. Placement and programming assignments for each transgender or intersex youth shall be reassessed at least monthly, or sooner if necessary, to review any threats to safety experienced by the youth. A transgender or intersex youth’s own views, with respect to his or her safety, will be given serious consideration. (See also DJJ 23.3, LGBTI.)

P. Transgender and intersex youth will be given the opportunity to shower separately from other youth.

VIII. REPORTING

(115.351) Resident Reporting

A. All Facilities/Programs/Offices shall use DJJ 8.5, Special Incident Reporting, as the official written reporting process for any type of sexual abuse and sexual harassment, including verbal, anonymous, and third-party reports.

The Facilities/Programs/Offices will provide multiple internal ways for youth to report sexual abuse, retaliation by other youth or staff for reporting sexual abuse, and violation of responsibilities that may have contributed to an incident of sexual abuse that are easily understood, private, and secure.

C. Youth assigned to a secure facility may report sexual abuse or seek relief against retaliation by:

1. Completing a Help Request Form;

E. All Community Residential Programs, Contractors, Court Service Offices, and Placements must prominently post the DFCS and Rape Crisis Center hotline numbers. All 800 abuse numbers must be accessible to youth.

F. When a sexual abuse or sexual harassment incident occurs while transporting a youth or the youth reports sexual abuse or sexual harassment, the special incident reporting process outlined in DJJ 8.5, Special Incident Reporting, will be used.

1. The transportation officer will immediately notify the Captain of Transportation of the incident. Staff will follow the procedures in DJJ 8.5, Special Incident Reporting.

2. Community staff who is aware of a sexual abuse or sexual harassment incident while transporting a youth will immediately notify the Juvenile Program Manager of the incident. Staff will follow the special incident reporting procedures in DJJ 8.5, Special Incident Reporting.

G. The facility shall give youth mailing addresses and telephone numbers (including toll-free hotline numbers) for agencies providing immigrant services for youth detained solely for civil
immigration purposes, and enable reasonable communication between youth and the organizations in as confidential a manner as possible. As a part of civil immigration resources, the facility will maintain a copy of the United States Department of State Consular Notification and Access book. The book may be ordered or downloaded from www.travel.state.gov/consularnotification.

H. In addition to the agency TIP line, staff/contractors/volunteer/interns may report sexual abuse and sexual harassment of residents by reporting to the Supervisor, Agency PREA Program Coordinator, Agency Ombudsman Office, Office of Victim Services, etc.

(115.352) Exhaustion of Administrative Remedies

I. The facility will use DJJ 15.2, Grievance Process, as an administrative procedure to address youth grievances regarding sexual abuse and sexual harassment.

J. The facility will not impose a time limit on when a youth may submit a grievance regarding an allegation of sexual abuse/sexual harassment.

K. Youth who allege sexual abuse may submit a grievance without submitting it to a staff member who is the subject of the complaint. The grievance will not be processed by a staff member who is the subject of the complaint.

L. Grievances alleging sexual abuse will be processed immediately, but no later than 24 hours of retrieval, and assigned for investigation. Final determination regarding the merits of the grievance will be made upon completion of the investigation within 45 days. Extensions may be approved by the DJJ Commissioner or designee. The Facility Director and/or Office of Victim Services will notify the resident in writing of any such extensions and provide a date by which a decision will be made.

M. The facility will not discipline a youth for filing a grievance alleging sexual abuse unless the facility demonstrates that the youth filed the grievance in bad faith.

(115.353) Resident Access to Outside Support Services and Legal Representation

N. The facility will provide youth with access to outside victim advocates for emotional support services related to sexual abuse, by providing, posting, or otherwise making accessible mailing addresses and telephone numbers, including toll free hotline numbers where available, and for youth detained solely for civil immigration purposes, immigrant services agencies. The staff will inform youth during Orientation the extent to which such communications will be monitored. The facility shall enable reasonable communication between the youth and these organizations in as confidential a manner as possible.

O. Each facility is required to establish MOU with the nearest Rape Crisis Center to offer youth required services. If the facility MOU with the Rape Crisis Center or a Crisis Intervention/Counseling and Advocacy Support Services cannot provide the required services
needed by the resident, the facility will arrange to transfer the resident to the nearest facility that has a MOU that can provide the required services.

P. The facility will provide youth with reasonable and confidential access to their attorneys or other legal representation and their parents or legal guardians as instructed in DJJ 15.3, Youth Access to Courts and Counsel; DJJ 15.5, Youth Visitation; DJJ 15.6, Access to Mail; and DJJ 15.7, Access to Telephone. The staff will inform youth during intake and prior to giving them access to outside support services of the mandatory reporting rules governing privacy, confidentiality, and/or privilege that apply to disclosures of sexual abuse made to outside victim advocates, including any limits to confidentiality under relevant federal, state, or local law (Attachment F, Consent to Disclose Protected & Confidential PREA Related Information).

(115.354) Third-Party Reporting

Q. Third-party reporting or filing a grievance: A staff, parent/guardian, youth in the community, or in a residential community placement, may use “Stop Crime Online”, the “Intelligent Tip Line/Form” (see DJJ Website Home Page), or a third-party private reporting method to report sexual abuse, sexual harassment, and retaliation. DJJ honors all anonymous third-party private reporting. Inquiries and complaints may be submitted to DJJ Ombudsman’s office by email at djjomombudsman@djj.stat.ga.us or by calling 1-855-396-2978.

R. If the youth declines to have third-party assistance in filing a grievance alleging sexual abuse and/or sexual harassment, the facility will document the youth’s decision.

IX. OFFICIAL RESPONSE FOLLOWING A YOUTH REPORT

(115.361) Staff and Agency Reporting Duties

A. The facility requires all staff to report immediately in accordance with DJJ 8.5, Special Incident Reporting, and DJJ 8.9, Child Abuse Reporting, any knowledge, suspicion, or information they receive regarding an incident of sexual abuse or sexual harassment that occurred in a facility or contract program, retaliation against youth or staff who reported such an incident, and any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation. All staff and practitioners are required to report sexual abuse to designated supervisors. Staff is prohibited from revealing any information related to a sexual abuse report to anyone other than to make treatment, investigation, and other security and management decisions.

B. Upon receiving an allegation of sexual abuse, the facility Director or designee will promptly report the allegation to the appropriate agency office and to the alleged victims’ parents/legal guardian; unless the facility has official documentation showing the parents/legal guardians should not be notified. If a youth is under the guardianship of the Child Welfare System, the report shall be made to the alleged victim’s case worker instead of the parents or legal guardians. If a juvenile court retains jurisdiction over the alleged victim, the facility Director or designee shall report the allegation to the youth’s attorney of record within 14 days of receiving the allegation. Medical/mental health staff will report all allegations of abuse/harassment to designated supervisors.
C. When completing the required Special Incident Report (SIR) (DJJ 8.5, Special Incident Reporting, Attachment A: Part A), staff must complete the JPPS/Court notified and Parent/Guardian notified sections.

(115.362) Agency Protection Duties

D. Each facility/program/office will immediately report any staff neglect or violation of responsibilities that may have contributed to an incident or retaliation for reporting sexual abuse or sexual harassment. Staff are prohibited from revealing any information related to a sexual abuse report to anyone other than to make treatment, investigation, and other security and management decisions.

E. Staff will take appropriate steps to protect all youth and staff that report sexual abuse or cooperate with sexual abuse investigations from retaliation by other youth or staff. The facility/program/office will employ multiple protection measures, including custody and housing changes, Special Management Plans, “No Contact Status,” or transfers for youth victims or abusers.

(115.363) Reporting to Other Confinement Facilities

F. Upon receiving an allegation that a youth was sexually abused or sexually harassed while confined at another facility, the Director of the facility that received the allegation will notify the Director of the facility or appropriate office of the agency where the alleged abuse occurred as soon as possible, but no later than 72 hours, and will also notify the Office of Investigation. The facility will document that it has provided the required notification.

(115.364) Staff First Responder Duties

G. The staff member receiving sexual abuse information will immediately refer the youth to the medical services staff for initial evaluation and determination of the need for an outside medical referral for further testing and evaluation, in accordance with DJJ 23.2, Sexual Assault.

H. The first direct care staff member to respond to the allegation will:

1. Take immediate action to protect and ensure that the victim is safe, and separate the alleged victim and perpetrator;

2. Obtain basic information such as where the incident occurred and who may be involved, but will not ask any other questions;

3. Preserve and protect the crime scene, if applicable, until appropriate steps can be taken to collect any evidence;

4. If the abuse occurred within a time period that still allows for the collection of physical evidence, ensure that the alleged victim and abuser do not take any actions that will
destroy physical evidence, including washing, brushing teeth, changing clothes, urinating, defecating, drinking, eating, etc.; and

5. If the first staff responder is a non-direct care staff member, he or she is required to ensure the victim is safe and instruct the victim and perpetrator not to take any actions that will destroy physical evidence and then immediately notify direct care staff.

a. Youth who are alleged victims of sexual abuse will be treated in a sensitive and non-judgmental manner.

b. The agency prohibits the use of youth interpreters, youth readers, or other types of youth assistance except in limited circumstances where an extended delay in obtaining an effective interpreter could compromise the youth’s safety, the performance of first-response duties under §115.364, or the investigation of the youth’s allegations.

I. In secure facilities, staff will ensure that the garments/clothing worn by those involved and the scenes where the alleged act(s) occurred are protected to make sure that evidence is not further contaminated. This means simply securing any evidence until the arrival of law enforcement and/or DJJ Office of Investigations. Securing is defined as keeping control over the evidence or scene and documenting any access to or deviation regarding access to that evidence. Staff shall not move, touch, or alter the evidence in any way. Staff should not discuss any facts of the incident with anyone except those directly involved in response to the incident or investigation of the incident. All of this information is reportable to law enforcement and subsequent investigators.

(115.365) Coordinated Response

J. The facility will use the Sexual Abuse Coordinated Team Response (Attachment M) to respond to all sexual incidents.

K. For PREA codes, the facility Director or designee must immediately contact the PREA Unit Field Supervisor for coding confirmation and assignment of an investigator.

L. The Agency PREA Coordinator, Director of Investigations, and Director of Victim Services will immediately receive Special Incident SQL alerts upon entering PREA Codes into the Special Incident database.

M. The Director of Victim Services will review the incident and make a determination regarding the immediate and critical need for additional services. Services will be rendered based on the nature and circumstances surrounding the allegation.

N. Medical and mental health staff will maintain secondary materials (e.g., form, log, victim services card) documenting the timeliness of emergency medical treatment and crisis intervention services that are provided, the appropriate response by non-health staff in the event health staff are not present at the time the incident is reported, and the provision of appropriate
and timely information and services concerning contraception and sexually transmitted infection prophylaxis. When medical services staff examine a youth for sexual abuse, youth will be given the youth victim service information/card prepared by the Office of Victim Services.

(115.366) Preservation of Ability to Protect Residents from Contact with Abusers

O. Neither the agency nor any other governmental entity responsible for collective bargaining on the agency’s behalf shall enter into or renew any collective bargaining agreement or other agreement that limits the agency’s ability to remove alleged staff sexual abusers from contact with residents, pending the outcome of an investigation or of a determination as to what extent discipline is warranted. Note: DJJ is not involved in “collective bargaining” with union employees. (See also DJJ 3.2, Third Party Involvement.)

(115.367) Agency Protection against Retaliation

P. Directors, Facility PREA Compliance Managers, and other supervisors will take immediate steps to ensure that youth alleging sexual abuse and sexual harassment, or staff reporting, are not victims of any form of retaliation. After a resident reports alleged sexual abuse or sexual harassment, staff must complete Attachment L, PREA Retaliation Monitoring Sheet. The facility treatment team members and shift supervisors will continually review the youth’s adjustment within the facility and document their findings.

(115.368) Post-Allegation Protective Custody

Q. Upon return from the emergency room, a new Custody and Housing Assessment will be completed in accordance with DJJ 17.3, Custody and Housing Assessment. The facility Director or designee, in consultation with the Designated Health Authority, will make a final decision regarding housing placement for the alleged victim. The safety, security, and well-being of the alleged victim will be primary in these decisions. The alleged victim will not be housed in the same area as the alleged perpetrator.

X. INVESTIGATIONS

(115.371) Criminal and Administrative Agency Investigations

A. All allegations of sexual abuse on DJJ property, in DJJ custody, or in a residential program contracted by DJJ, including third party and anonymous reports, will be administratively and/or criminally investigated by DJJ Office of Investigations. All investigations must comply with DJJ 22.3, Internal Investigations, and DJJ 8.42, Crime Scene Preservation. If the employee resigns or is terminated or if the victim/reporter recants the allegation, the investigation will still be completed by the Office of Investigations.

B. All PREA related investigations must be completed within 30 calendar days from case assignment unless the investigation is handled by outside agencies or as approved by the Director of Investigations.
C. The credibility of an alleged victim, suspect, or witness will be assessed on an individual basis and shall not be determined by the person’s status as a resident or staff. The agency will not require a resident who alleges sexual abuse to submit to a polygraph examination or other truth-telling device as a condition for proceeding with the investigation of such an allegation.

D. The investigator will produce a final investigative report within the established timeframes for the completion of the investigation, unless time is extended in writing by the Commissioner or designee. The final report will determine whether staff actions or failure to act contributed to the abuse, and the written report includes a description of the physical and testimonial evidence, the reasoning behind credibility assessments, and investigative facts and findings.

E. DJJ will retain all written investigations and Special Incident Reports (SIRs) as long as the alleged abuser is incarcerated or employed plus five years, unless the abuse was committed by a juvenile resident and applicable law requires a shorter period of retention.

(115.372) Evidentiary Standard for Administrative Investigations

F. The Office of Investigations shall impose no standard higher than a preponderance of the evidence in determining whether the allegations of sexual abuse or sexual harassment are substantiated.

(115.373) Reporting to Residents

G. If the investigation reveals that a youth has made a false accusation that he/she, not in good faith, could not have believed to be true, the facility/office/program may take disciplinary action against the youth through all means available within the agency’s disciplinary process. However, the agency prohibits disciplinary action for a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred, even if an investigation does not establish evidence sufficient to substantiate the allegation.

H. The Office of Victim Services will inform the youth as to whether the allegation has been determined to be substantiated, unsubstantiated, or unfounded. The Office of Victim Services will use Attachment I, Resident Notification of Investigative Outcome, to document its reporting to a youth.

XI. DISCIPLINE

(115.376) Disciplinary Sanctions for Staff

A. Staff will be subject to disciplinary sanctions up to and including termination and criminal prosecution for violating the agency’s sexual abuse or sexual harassment policies. (See DJJ 3.80, Employee Progressive Discipline.)

B. Termination will be the presumptive disciplinary sanction for staff who has engaged in sexual abuse.
C. Disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) will be commensurate with the nature and circumstances of the acts committed, the staff member’s disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories.

D. All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff that would have been terminated if not for their resignation, will be reported to the appropriate law enforcement agency and to any relevant licensing bodies unless the activity was clearly not criminal.

(115.377) Corrective Action for Contractors and Volunteers

E. Any contractor or volunteer who engages in sexual abuse will be prohibited from contact with youth and will be reported to law enforcement agencies and relevant licensing bodies, unless the activity was clearly not criminal.

F. In the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer (see 14.3, Citizen and Volunteer Involvement, Section regarding Termination of Volunteer), the facility will take appropriate remedial measures and shall consider whether to prohibit further contact with youth.

(115.378) Interventions and Disciplinary Sanctions for Residents

G. Youth will receive appropriate interventions if they engage in youth-on-youth sexual abuse. Decisions regarding which types of interventions to use in particular cases, including treatment, counseling, education programs, or disciplinary sanctions, will be made with the goal of promoting improved behavior by the youth and ensuring the safety of other youth and staff. Pre-adjudicated youth will not be placed in a sexually harmful behavior treatment program.

H. The Director of the Office of Investigations will refer youth for criminal prosecution when appropriate. The agency will discipline youth for sexual conduct with staff only upon finding that the staff member did not consent to such contact.

I. The facility will prohibit disciplinary action for a youth reporting sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred, even if an investigation does not establish evidence sufficient to substantiate the allegation.

XII. MEDICAL AND MENTAL CARE

(115.381) Medical and Mental Health Screening; History of Sexual Abuse

A. Medical services staff and mental health practitioners will obtain informed consent from youth before reporting information about prior sexual victimization that did not occur in a facility setting, unless the youth is under the age of 18. (See Attachment F, Consent to Disclose Protected & Confidential PREA Related Information.)
B. If an intake screening pursuant to 115.341 indicates that a resident has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, staff will ensure that the resident is offered a follow up meeting/session with a mental health or medical practitioner within 14 days of the intake screening.

C. The information collected during the medical and mental health screening is strictly limited to informing security and making management decisions about treatment plans, housing, bed, work, education, and program assignments, or as otherwise required by DJJ 5.5, Health Records, and all other federal, state, and local laws.

(115.382) Access to Emergency Medical and Mental Health Services

D. The facility Director will ensure that victims of sexual abuse while confined shall be offered timely information and access to emergency contraception and sexually transmitted infections prophylaxis, in accordance with professionally accepted standards of care, where medically appropriate. If there is an allegation of a sexual assault within a 72 hour time frame, youth will be sent to the Emergency Room to be examined and to have forensic evidence collected, STI labs done, and to provide emergency contraception. If beyond that time frame, the facility can screen for STIs and offer emergency contraception if within the required clinical time frame. The agency has a contract with Global Diagnostics to provide SANE nurses that can come to the facility upon request by the Office of Health Services. Global Diagnostics can do the assessments on site. The facility can also use the SANE nurse on site if there are allegations of non-penetrating sexual assault.

(115.383) Ongoing Medical and Mental Health Care for Sexual Abuse Victims and Abusers

E. The facility will offer medical and mental health evaluation and appropriate treatment to all youth who have been victimized by sexual abuse (inside or outside the facility). Victims of sexual abuse while confined in a secure facility will be offered tests for sexually transmitted infections as medically appropriate.

F. Female victims of sexual abuse while confined in a secure facility will be offered a pregnancy test. If pregnancy results from sexual abuse while confined, the victim will receive timely and comprehensive information and access to all lawful, pregnancy-related medical services coordinated by the Medical Department. The facility will provide the required services or establish a MOU with the nearest Rape Crisis Center to offer youth required services.

G. The facility will conduct a mental health evaluation of all known youth-on-youth abusers within 72 hours of learning of such abuse history and offer treatment when deemed appropriate by mental health practitioners.

XIII. DATA COLLECTION AND REVIEW

(115.386) Sexual Abuse Incident Reviews

A. PREA Incident Review Team:
1. Each facility and community residential provider will treat all instances of sexual abuse as critical incidents to be examined by the PREA Incident Review Team. The PREA Incident Review Team will include upper-level facility management staff, with input from line supervisors, investigators, and medical services staff or mental health practitioners.

2. At the conclusion of every sexual abuse investigation, unless unfounded, an incident review will be conducted. (See Attachment J, Sexual Abuse Incident Review Team Meeting Minutes.)

   a. The signed Attachment J will be maintained for audit reviews by the facility PREA Compliance Manager located in the PREA files.

(115.387) Data Collection

B. Data Collection:

1. The agency will collect accurate, uniform data for every allegation of sexual abuse at facilities and community residential programs under its control using a standardized Special Incident Report (SIR), in accordance with DJJ 8.5, Special Incident Reporting, DJJ 23.1, PREA, and Attachment K. The SIR process includes, at a minimum, the data necessary to answer all questions from the most recent version of the Survey of Sexual Violence (SSV) conducted by the Department of Justice. The agency will maintain, review, and collect data as needed from all available incident-based documents, including reports, investigation files, and sexual abuse incident reviews.

(115.388) Data Review for Corrective Action

2. The Agency PREA Coordinator will review, analyze, and use all sexual abuse data, including incident-based and aggregated data, to assess and improve the effectiveness of the agency sexual abuse prevention, detection, and response policies, practices, and training.

3. The Agency PREA Coordinator will maintain a current link on the DJJ website to provide PREA information to the public.

(115.389) Data Storage, Publication, and Destruction

4. The agency will maintain sexual abuse data collected pursuant to 115.387 for at least 10 years after the date of its initial collection, in accordance with DJJ 5.1, Records Management, unless federal, state, or local laws require a different retention schedule. In addition to the required 10 years, the agency will maintain data on all staff, contractors, volunteers, and/or interns who committed sexual abuse or sexual harassment of a youth for an additional five years after the staff, contractor, volunteer, and/or intern no longer work or are involved with the agency.
5. The Agency PREA Coordinator will submit an Annual Report with redacted material to the Director of the Office of Investigations for publication approval for release on the DJJ PREA website. Before making aggregated sexual abuse data publicly available, the agency will remove all personal identifiers.

(115.393) Audits of Standards

C. Audits and Monitoring:

The PREA Compliance Manager will complete Department of Justice PREA Pre-Audit Questionnaire and self-audits via reports required by the Agency PREA Coordinator.

1. Secure Facilities:
   a. The Agency PREA Coordinator, State-wide PREA Monitors, and the facility PREA Compliance Managers will monitor secure facilities to determine compliance with the national PREA standards.
   b. The Agency PREA Coordinator will work on behalf of the agency to recommend Department of Justice Certified Auditors to conduct an independent audit of DJJ secure facilities.

2. Community Residential Providers:
   a. District Directors and Community PREA Compliance Managers will monitor and conduct internal audits of all Community/Court Service Offices for PREA compliance and will submit reports to Agency PREA Coordinator.
   b. The Regional Treatment Services Specialists (RTSS) will monitor and conduct internal audits of all Community Residential Providers for PREA compliance and will submit reports to the Agency PREA Coordinator.
   c. RTSS are responsible for providing an accurate count of DJJ residents as requested by the Agency-wide PREA Coordinator.
   d. Community Residential Providers who have 51% or more of DJJ residents for seven months or more will be subject to Department of Justice audits.
   e. The Manager of Residential/Aftercare Services will provide to the Agency PREA Coordinator a list of all Community Residential Providers that are subject to be audited by Department of Justice by August 1st.
   f. It is recommended that all Community Residential Providers follow the guidelines within this policy and use the attachments for PREA documentation and compliance with program modifications.
g. Community Residential Providers are responsible for providing their staff with the required PREA training to meet all PREA requirements.

h. Community Residential Providers and private contractors are responsible for contracting with Department of Justice Certified Juvenile Auditors to conduct an independent audit every three years, completing all required audit documentation as well as uploading required documentation for the DOJ Auditor.

XIV. LOCAL OPERATING PROCEDURES REQUIRED: NO
